**excellent  
fit bands!**

**for a guaranteed  
excellent fit.**

- **No need for separators**
- **No band fitting appointment**
- **Easier and faster to bond**

Laser sintered bands will improve your patient's experience and outcome while streamlining the fitting process. Fit and insertion issues can be identified at the design stage rather than chairside. Scanning technology creates the opportunity to engineer bands that are uniquely strong, flexible and durable.
